

**Looking classy
since 1989.**

Did I do that?

**I promise not to
break your heart.**

**(but I can't say that
about everything)**

**All girls love
musicians, right?**

**All I can offer you is
my eternal love,
a modest existence,
and a tiny apartment
crammed with test
tubes and cheese**

**I do love you.
I adore you.
I worship the rain that
waters the grass that
grows on the ground
around you. All I've
ever wanted to do was
make you happy.**

**You're prettier
than my
bug collection.**

**I'd say you're as
pretty as a picture,
but I've never seen
a picture quite
that pretty.**

**You stole
my breath.**

(But I won't arrest you for it.)

**I'd love you even
if you changed
dramatically.**

**I'd never
exchange
our love.**

**I'll always
stand up
for you.**

**Someday my
prince will come.**

**(In the form of a genetically
modified clone.)**

**You drive
me crazy.**

**We're going
to end up
together.**

**Our love
is eternal.**

(unlike my character)

**You're the
center of my
world.**

**You've got
a great body.**

**Will you be
my lady love?**

**I'm all yours,
sweet thing.**

**You're my
Cinderella and
I'm your Prince
Charming.**

Way to go!

**Your grandma
is going to fight
for your
right to party.**

**You make my
heart sing.**

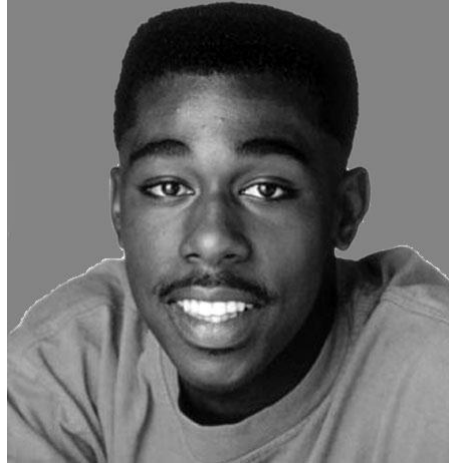

**Want to come
over to my place?**

Let's kick it!

**You spice up
my life.**

**You have the
perfect face
for your head.**

(like me)

You are so fly.

**Roses are red.
Some socks are black.
Won't you be
my daddy mack?**

Let's talk all night!

**You make me
want to polka.**

**Your face is all
I ever want to see.**

(even on my bedroom walls)

**There's real love
bursting out of
every seam.**
